

## Keeping Application Records (Table 1)

Below is a sample application sheet which may be photocopied. A column should be completed every time a spraying operation takes place. This provides a valuable record to assist with the assessment of results and will also act as a memory aid in subsequent applications, while complying with the legal requirement to record the spray operation.

<u>Pesticide Application Record Sheet.</u>					
	Application 1	Application 2	Application 3	Application 4	Application 5
Location					
Date					
Operator					
Problem					
Area sprayed					
Pesticide used					
Rate / ha
